I. INTRODUCTION OF APOLLO ENGLISH

1. About Apollo

Active in Vietnam since 1994, Apollo is Vietnam's first fully foreign-owned education and training organization. Apollo has a strong nationwide reputation and is a leader in Vietnam's rapidly expanding English language market, having won several prestigious awards.

Apollo has worked with local and international clients to develop high-quality and cost-effective solutions to their training requirements. Our on-the-ground expertise and facilities put us in a unique position to serve the needs of companies, government organizations and individuals. His Royal Highness Prince Andrew the Duke of York and HE the Minister of Education and Training opened the Hanoi head office in 1994, and Her Royal Highness Princess Anne opened the HCMC branch on 4 May 2002.

Facilities include (as of Sept 2018):

Hanoi	17 centres (include 2 centers for AD - Apollo 360)
Bac Ninh	1 center
Ho Chi Minh City	12 centres (include 1 centers for AD - Apollo 360)
Danang	1 centre
Haiphong	2 centres
Bien Hoa	1 center
Binh Duong	1 center

All locations have fully equipped training rooms and support facilities including audio and video equipped training rooms, cable TV viewing station, multimedia library and internet facility.

International House (IH) affiliation (<http://ihworld.com/>)

Apollo is affiliated with International House. The International House World Organisation (IHWO) is a network of language schools worldwide that are committed to implementing high standards of quality and innovation in education and training. There are currently over 140 schools in more than 40 countries. International House was founded in 1953 by John and Brita Haycraft, with the aim of providing an innovative approach to language teaching since then. IH has remained at the forefront of development in the field of language teaching and in the training of language teachers.

2. A brief history of Apollo

- 1994 Founders arrived in Vietnam
- 1995 Cooperate with Trade Union Uni
- 1997 First 100% foreign owned training provider in Vietnam. Prince Andrew opened Hanoi centre.

2018 35 centers have been opened nationwide as of Sept 2018 with 4 new JR center in HN and 3 JR center in HCMC

3. Apollo Purpose, Vision and Mission

PURPOSE – our purpose is to provide education that creates global citizens and fosters prosperity.

VISION – We see a connected and prosperous world.

MISSION - to achieve this we will provide excellence in education (that creates global citizens and fosters prosperity)

4. Apollo Slogan

WHERE THE BEST BECOME BETTER

The Apollo Vietnam slogan refers to the people who study with us, all of our teachers and staff and all others associated with our ambitious, forward thinking, dynamic and driven English Language Training Company. They want to be the best, so they come to where the best become better.

5. Apollo Junior Sub-Brand Framework

APOLLO Junior 'One Brand' Frame

Our Essence

*(Our 'reason for being' or
Why we do what we do')*

We Develop Global Citizens

Our Positioning

(How we fulfill a consumer need differently and better than our competitors)

Where the Best Become Better

Differentiators *(What makes Apollo Junior better than the rest?)*

1. **We are the experts in English language learning**
 - a. 100% British owned
 - b. 100% internationally qualified expatriate teachers
 - c. World recognised LETS Methodology
 - d. International ALTE curriculum benchmarked to international exams (TOEFL, Cambridge, IELTS)
 - e. We use the latest relevant technology
 - f. Established 1995
 - g. Over 25 million students worldwide have studied English through our network. (fact check this number)
2. **We are the most recognised and awarded English language school in Vietnam**
 - a. Recognised in Vietnam - We must be able to list our awards
 - b. Recognised internationally - We must be able to list our awards
 - c. We are the school of choice for high achievers in Vietnam
3. **We guarantee results**
 - a. We're so confident about our quality we offer free course retakes if you don't pass. *

* - subject to attendance

Benefits - Functional *(What do I think about using Apollo Junior?)*

1. My child will **learn faster**
2. My child will speak English with **confidence**, like a native English speaker
3. My child will **become a global citizen**.
 - a. Ready for International exams
 - b. Able to travel and work abroad

Benefits - Emotional *(how do I feel about using Apollo Junior?)*

1. I feel **confident** that I'm providing my child the best chance in life (to take on the world)
2. I feel **proud** to see my child succeed and progress
3. I'm **happy** to see my child loving learning

Brand Personality *(How do we look & feel to others?)*

1. **Fun**, Lively, engaging, dynamic, energetic
2. **Caring**, friendly, supportive, understanding, human
3. **Experts** (in education), innovative, academic, international

Reason to believe *(Why should I believe Apollo Junior is the best?)*

1. We have been successfully operating since **1995 in Vietnam**
2. We have very **high retention rates** - 8 out of 10 children say they enjoy learning at Apollo

6. Our Values

ACCOUNTABILITY

Holding your team accountable isn't an exercise in control.
It's an exercise in empowerment.

Accountability is the glue that ties commitment to results.

*The moment you take responsibility for everything in your life, is the
moment you can change anything in your life. – Hal Elrod*

ACCOUNTABILITY

PASSION

INTEGRITY

PASSION

Allow your passion to become your purpose and it will one day become your profession - Gabriella Bernstein

Choose a job you love and you will never have to work a day in your life.
- Confucius

Working hard for something we don't care about is called stress; working hard for something we love is called Passion - Simon Sinek

Just don't give up trying to do what you really want to do. Where there's love and inspiration, I don't think you can go wrong - Ella Fitzgerald

Pleasure in the job puts perfection in the work - Aristotle

ACCOUNTABILITY

PASSION

INTEGRITY

INTEGRITY

Integrity is doing the right thing, even when no one is watching - C. S. Lewis

Real integrity is doing the right thing, knowing that nobody's going to know whether you did it or not - Oprah Winfrey

Integrity is what we do, what we say and what we say we do - Don Galer

Integrity is choosing your thoughts and actions based on values rather than personal gain

Integrity gives you real freedom because you have nothing to fear since you have nothing to hide - Zig Ziglar

The most important persuasion tool you have in your entire arsenal is integrity - Zig Ziglar

We have learned about honesty and integrity – that the truth matters... that you don't take short cuts or play by your own set of rules.. And success doesn't count unless you earn it fair and square - Michelle Obama

ACCOUNTABILITY

PASSION

INTEGRITY

7. 14 Management Principles

1. MBW – Management By Walking around
2. What gets measured gets fixed
3. An average person can perform great with a great system)
4. What you expect will happen only if you inspect
5. The team need clear and unified leadership
6. Use the 80/20 rule for prioritizing and problem solving
7. Implement Implement Implement
8. Think neighborhood
9. Physical Exercise (*Hoạt động thể chất*)
10. The best training is on the job training
11. We focus on strengths not weaknesses
12. Promote respect
13. Talent attracts Talent
14. We should measure results not efforts

II. PRODUCT KNOWLEDGE

1. LETS Methodology at Apollo

Apollo's beliefs

- Learning should be an **enjoyable** and **positive** experience
- Children learn best when they are **engaged, active** and **thinking**
- Learning should be **relevant** to children's lives
- Students should **personalise** English
- Language teaching should **maximise real communication**
- Learning is about preparing for the **future**
- Being an educator is a great privilege and a great responsibility

Apollo's methodology

- Learning is exciting and engaging – challenging activities, learning games, songs, technology, problem solving and subjects that are relevant to our students
- LETS - developing English skills through other subjects. Students engage with lessons that are relevant to their school subjects and use English as a communication tool. LETS means that children learn while they learn!
- Part of LETS is teaching the 4 Cs – Creativity, Collaboration, Critical Thinking and of course Communication!
- Our activities make students enjoy using language, they work together, solve problems and are creative – the core principles of the 4 Cs
- An encouraging, comfortable and stable learning environment - routines and positive reinforcement make your child excited and confident to speak English
- Interactive White Boards (IWBs) bring the outside world into the classroom – our teachers can adapt to the students' interests and make learning a heads up experience
- Students have the freedom to explore the language for themselves – we do not train them to simply repeat words or sentences without fully understanding them.
- We teach children to express themselves, their personalities and their ideas – we give students the tools they need to use English for real communication in the real world. The best possible teachers – our dedicated Learning Experience Team ensures high quality and best practice in all our centres

2. Our step to fluency

APOLLO JUNIOR STEPS TO FLUENCY

- Trusted in Vietnam since 1995

** : More information about meetings, please refer to the book *Scaling up*, page 181-183 in this link on the server \\172.10.0.60\data_ntw\Managers\CenterManagers\CM handbook, file *Scaling up 180-183*

No.	Meeting	Agenda	Leader	Participants	Time	Note
1.	Daily Huddle - CM	1. What's up? (in the next 24 hours)	Director	CM, Director	4-5 times/week	N/A
2.	Daily Huddle – Centre team	2. What are the daily metrics? 3. Where are you stuck?	CM	CM, LXM/LXC and centre team	4-5 times/week (At least 4 times require the attendance of LXM)	N/A

4.3.2. Weekly Meetings

No.	Meeting	Leader	Participants	Time	Note
1	Weekly CM Meeting	Direct or	Director, CM	Once/week (To be cancelled if in the same week with Monthly CM&LXM meeting)	- Scheduled by Director's Assistant - Wed or Thu - 1 hour each - Use WWW Form*

2	Weekly Centre Meeting (WCM)	CM	CM, LXM/LXC and centre team	Once/week	Use WWW Form*
3	Weekly CM – LXM/LXC Meeting	CM	CM, LXM/LXC	Once/week	Use WWW Form*

4.3.3. Monthly Meetings

No.	Meeting	Leader	Participants	Time	Note
1	Monthly LXM/CM Meeting	Director	Director, CM, LXM/LXC	Once/month Time: 9.30 am -2.15 pm (Half-day meeting)	Use WWW Form* Full day meeting in March – prepare for summer
2	Monthly Centre Meeting	CM	CM, LXM/LXC and centre team	Once/month	Use WWW Form*

4.3.4. Quarterly Meetings

No.	Meeting	Leader	Participants	Time	Note
1	Town Hall Meeting	Director	Director, CM, LXM/LXC and centre team (in groups)	4 times/year 1st month of quarter	Use WWW Form*
2	Quarterly Manager Workshop	BOD	All managers and supervisor level up	4 times/year 1st month of quarter	

4.4. Reports

No.	Report	Definition	Time	Note
1.	Weekly report: - Weekly report - Consolidated Class Situation	Reports on centre's operation last week including delivered result and marketing activities to support sale. Report to be included of the following in cover email: 1. Customer Feedback at your center 2. Neighborhood competitor highlight 3. What will your center do to hit target? 4. Support your center needs to hit target	Weekly by 12:00 p.m Tuesday by email To be sent to Group CEO, GD North/South, CM North/South, Center team, MKT Manager	Template report can be found at \\172.10.0.60\data_ntw\Public\CO\Forms\ReportForm Template for Leading indicator Dashboards could be found at \\172.10.0.60\data_ntw\Managers\CenterManagers\Policies&Form
2.	Check Renewal rate report	Is percentage of students with end of payment continued to upgrade with us.	Before 20 th of month	Check the report on SIS
3.	Enquiry Report		Weekly	Enclosed with weekly report
4.	Teaching Hour Report	Teaching hours means hours that generate revenue. Marketing and admin hours are not included. Teaching efficiency = teaching hours/ required hours on contract (not include MKT- admin hours except for PT hours)	1 st working day of the following month	Schedulers send to chi.nguyenyen@apollo.edu.vn , cc CM, LXM/LXC
5.	Turnover Report, including: - Turnover report - Carry forward - Settle report	Is mainly the revenue from the hours that 1 Apollo center delivers to all students in that month x unit price.	Monthly by 12:00p.m on the 1 st working day	Send to Accounting. more details about this report is followed
6.	Comments on P & L	Is comments from centre about: - 3 positive points in last month's financial result - 3 things to improve in last month financial result - 5 top priorities for the current month	Right after receiving Financial result from Accounting	Send report to GD and cc GD's assistant, Group CEO, Deputy Group CEO, Head of Learning Experience More guideline on P&L Comments can be found below
7.	Local Marketing events & budget		Quarterly - not later than 15 th of the previous month of Marketing Quarter Eg: Plan of Marketing Q2 needs to be submitted by 15 th March	Send to Marketing Manager, cc the GD
8.	Revenue Report		the 1 st of each month	Send to Accounting

4.4.1. Detailed Guidelines on Reports

4.4.1.1. Monthly Turnover and Revenue Report

a) Important terms:

- **Net collected revenue:** is the total amount collected from customers after any discount or refund.
- **Delivered revenue:** is the amount of revenue delivered in the month. Some people, especially those from other business, often misunderstand delivered revenue as collected revenue, but its NOT.

For example, your tuition fee is 19.656.000VND for 108 hours study. A student get 10% discount and pay 17.691.000VND, that's net collected revenue. Every month, we deliver to student 16 hours = 2.620.000VND – this is delivered revenue of that month.

- **Carry forward:** is the amount left which students paid for but haven't been delivered. Taking the same example above, after delivering 2.620.000VND (16 hours), then the total carry to next month will be 17.691.000VND - 2.620.000VND = 15.071.000VND
- **Settle revenue:** is the amount which students own Apollo until they pay. For example, student A's class (studying Sat and Sun from 10 -12 a.m) upgraded on Saturday 28th March. However, the mother was busy and came to pay for A on 2nd April. By 2nd April, A owned Apollo 4 hours and the revenue from those 4 hours will appear in April's settle report.

b) Monthly Turnover Definition:

- Is the total net delivered revenue of the whole centre in 1 month. This number can be estimated with the following formula: unit price x ACS x teaching hour (in the month)

The monthly turnover also includes:

- The revenue from the outside classroom activities, which student have to pay to participate, organized in that month including Cambridge Exam, PT, material, travel fee for teachers, Outing trip,...
- The deposit payment, delay and transfer which expire in that month (this amount states on **The monthly turnover report**)
- Settle revenue

c) **How to send accounting department monthly turnover report**

Accounting needs you to send the following report at the beginning of each month:

List of reports	Definition	SIS
Delivery Revenue Report by Kind of Course (Turnover report Summary)	Mentioned above	Menu----> Reports---->View reports--->List of report, select accounting---> search "revenue"----> Report "Delivery revenue by kind of course" -> Filter "Is not" "Planning"
Delivery Revenue Report by Class (Turnover report in Details)	Details of each category	Menu----> Reports---->View reports--->List of report select accounting---> search "revenue"----> Report "Delivery revenue by class" -> Filter "Is not" "Planning"
Delivery Revenue Report by Lesson (Turnover report in Details)	Details of each category	Menu----> Reports---->View reports--->List of report select accounting---> search "revenue"----> Report "Delivery revenue by lesson" -> Filter "Is not" "Planning"
Carry Forward Report	Is the total money that all students paid until the last date of that month – the money that students has studied/spent until end of that month	Menu----> Reports---->View reports--->List of report select accounting---> search "carry forward"----> Report "Carry forward" -> Filter Month & Year
Settle report	Mentioned above	Menu----> Reports---->View reports--->List of report select accounting---> search "settle"----> Report "settle" -> Filter Month & Year
Transfer from other centers report	list of students who transfer from your center to other center	Menu----> Reports---->View reports--->List of report select accounting---> search "Move/Transfer in"----> Report "Transfer in" -> Filter "Payment Date" "In between"
Transfer to other center report	list of students who transfer from other centers to your center	Menu----> Reports---->View reports--->List of report select accounting---> search "Move/Transfer out"----> Report "Transfer out" -> Filter "Payment Date" "In between"

4.4.1.2. Revenue Report:

Revenue = Carry Forward last month + Collected Revenue current month – Carry forward current month + transfer in (Transfer from other centers report) – transfer out (Transfer to other center report) – refund.

- It's advisable for CM to check carefully class schedule and info of enrolled students (start date, price per hour, number of hours in class) 1 or 2 days before the last day of the month.
- After last day of the month, any change to Revenue report of centre will need approval from Accounting Department

4.4.1.3. Comments on P&L

When doing P&L comment, CM should

- Be as detailed and specific as possible with figures and % from the P&L
- Make sure the people who read it will have clear and correct ideas about how's the centre doing
- Focus on financial figures from the P&L, not on the operation side of centres

Top mistakes:

- Try to get 3 positives things when there is less than 3 real positive things: no need to give 3 if you do not have real positive things
- Mix P&L comment with Highlights and Priorities (especially under the part of top priorities for current month): CMs should focus on analyze figures from the P&L and give priorities for those affecting to financial figures for the purpose of comment on P&L
- Only give %, no absolute number when % is very high (eg: 400% over in net income): readers will have the wrong picture of the financial situation
- Focus only on YTD results: CMs need to analyze the month's financial situation first, then YTD results

The key numbers in P&L to look at include: always look at number of the month first then YTD figures

- Net Revenue (then refer to discount as a percentage of gross revenue), refer to YTD figures
- COGS (including teaching cost): look at the % COGS/ net revenue, comparing to that budgeted %, refer to YTD %
- Overhead: absolute number, comparing to budget and last year, refer to YTD figures
- Net income: absolute number, comparing to budget and same month last year, refer to YTD figures comparing to budget

Note and tips for P&L comments:

- Budget ratio for discount/collected revenue is X%:

- If this ratio is under X%: centre is on budget
 - If this ratio is higher than X%: CM need to give comments on why it's high
- % COGS/ net revenue or % teaching cost/ net revenue. The ratio has been set for each centre:
 - If the ratio is lower than target: centre is control well
 - If the ratio is higher than target: action should be taken to control COGS and to be more efficient
- Look at net revenue/hour:
 - If this number is under target: CM need to look more closely at the ACS
 - If this number is high: centre is in the right direction. By focusing more on ACS, centre will become even more efficient.
- Look at Teaching cost/hour:
 - Higher than budget: centre is not efficient. Centre should find ways to improve teacher efficiency
 - Under budget: centre is in right direction
- Other useful notes
 - Even though the report always say 'Net income', if centre is losing money then CM need to use the term 'Net loss'
 - Comments on revenue should always use net revenue number – in case of using gross number then need to go together with discount
 - If the centre is small and new, CM needs to mention the exact number as well – eg. If the centre is over 200% revenue target but because the centre is small, the amount is actually very small comparing to established centre (few thousand dollar)
 - If accounting made a mistake on the report, CM need to mention that the next month's report will be affect by that (Some mistakes could be like forget to add expenses on the report, charge the expenses from other centres to yours... - check the expense report from accounting carefully to identify this)
 - The comment need to be specific. Eg. If CM says your ACS is high last month, you should add something like 'most of the time it was 17' etc
 - If expense is paid in one month but those items will be used for months after/was used months before (eg. MKT merchandise) then CM need to check if YTD is ok
 - If anything is not within budgeted, CM need to have reasons why and solutions for it
 - When all numbers are under, CM can look at segments to see positive points
 - Cost of HR, ACC, IT: if over, CM need to check with Department Head

4.5. Limit of Authority

For all CMs:

- To manage, according to the Company's procedures, centre's budget including allocating budget.
 - With purchasing request valued more than 10.000.000VND, CMs need to get approval from General Director via emails. This should be included in payment documents presented to Accounting Department.
 - With IT facility request, CM needs approval from both IT managers and General Director via emails. This should also be included in payment document presented to Accounting Department.
- To manage sale teams to achieve centre's revenue target. This target is approved by BOD from the beginning of the year for the whole year.
- To recruit and manage centre's staff according to company's HR Policies and procedure. Any HR change or proposal including but not limited to salary increase, offer for new staff, position adjustment.... must be approved by both HR Manager and General Director.
- To manage operations of Apollo centre as well as work with partners / suppliers and authorities regarding this Apollo centre on behalf of the Board of Directors.
- Managing LXM to ensure centre teaching quality
- To bear responsibility for all paper from centre including but not limited to contracts, legal correspondences... by initialling all documents before presenting to General Director

CMs in Danang and Haiphong can sign, according to the Company's procedure, the following documents:

- Certificates for sponsorship of students after approved by Board of Management.
- Co-sign cheques and bank transfer documents valued up to 30 million VND for authorised accounts at the banks of Apollo.
- VAT report and other tax related forms
- Visa applications for foreign employees
- Visa extension forms
- Other immigration related forms
- Documents to related Departments
- Purchase contracts with value less than US\$1,000 (One thousand United States dollars).

4.6. Working Experience with LXM / LXC

What LXMs should expect from CMs

1. Balancing the needs of the LX Team with the customers' needs.
2. Transparent communication:
 - Keeping the whole team, including LXM / LXC, well informed of the centre's performance and other centre issues
 - Sharing and explaining information about classes and budgets etc. so that the LXM / LXC can actively plan for teacher management (scheduling, recruitment, resources, staff activities etc.)
 - Ensuring any problems coming from customers, ECs and teachers are openly addressed and discussed for solutions
 - Delegating EFL staff to oversee teaching resources in the centre, with provisions for ordering more supplies in a timely manner
 - Delegating EFL to ensure refreshments (tea, coffee etc.) and snacks are well-stocked and provisions are in place for ordering new supplies
3. Respect for and delegation of authority to the LX Team whilst keeping an understanding of issues they face. Any teaching issues that need to be communicated to teachers should be done by the LXM / LXC wherever possible. If the CM must communicate with teachers on teaching issues (e.g. there is no LXM / LXC during a transition phase), due consideration should be given by the CM as to how the teacher will accept teaching feedback from a non-teaching member of staff.
4. LXMs appreciate CMs who don't step in over them in front of others, but who discuss any issues in private. The CM and LXM should always appear to be a united front.
5. LXMs / LXC's appreciate CMs who listen and respect the LXM / LXC's opinion on LX issues, and don't make changes without consulting the LXM / LXC first.
6. Provision of training for the EC team so they:
 - Have a good understanding of Apollo's products, course books, teaching methods
 - Have strong sales skills
 - Take good care of, and are professional with, customers, especially when dealing with complaints
 - Are empowered to function independently without being too dependent on the CM's decision
7. Give notice for marketing events and involve the LXM / LXC in the planning of how content will be delivered at centre level, this means being open-minded to suggestions.

What CMs Should Expect from LXMs / LXC's

1. An understanding that the focus of the LXM / LXC role is quality assurance through:
 - Regular observations and feedback
 - Teacher training sessions (workshops)
 - Active planning for teacher management (scheduling, recruitment, resources, staff activities etc.)
 - Being friendly but firm with teachers to ensure a professional work environment. This includes appropriate disciplinary procedures when necessary
 - Assisting EFL with TA training
2. A strong knowledge of the EFL field
3. A good understanding of the business and the centre's KPIs and priorities as they change
4. Balancing the needs of the customers with the needs of the LX Team
5. Assisting ECs with customer care issues, ensuring understanding, and being ready to speak to parents when necessary or appropriate
6. An understanding of our customers and their expectations
7. Clear and regular communication of LX issues with the CM being kept well informed of issues, concerns, and decisions
8. Good communication with other staff members (both Vietnamese staff and teachers) to build team spirit and a willingness to get involved in centre social events and encourage teachers to do so
9. Support for centre activities including; demo classes, placement testing, retention activities and marketing activities to attract new enquiries
10. Customer service commitment, when the work schedule allows, such as being present in the lobby and being available to talk to parents and students during peak times
11. Willingness to cover classes, demo classes, placement testing at short notice for any reason, if the LXM / LXC's work schedule allows
12. Provision of English language lessons for all centre staff for at least one hour per week, run by the LXM / LXC

4.7. Working with Nationwide Marketing

Apollo Marketing Team is here to support CMs; these words below are to describe in short how MKT team cooperate with the centers.

Resources toolkit

MKT launched website to help to improve our daily communications and make CMs life easier. You can find here all the important marketing materials and support there:

<https://sites.google.com/a/apollo.edu.vn/apollo-marketing/>

Any tips to improve will be highly appreciated.

You can already notice some highlights related to upcoming months to support CMs with the planning and execution process.

Everyday requests:

Please find below the process which should be followed if you would have any design, social or advertising requests. They were designed in order to serve you better.

DIGITAL CAMPAIGNS / LEADS:

This is centers bread and butter and MKT's highest priority since NTW team will serve both North and South. There will be a person who works on setting up and optimization of performance ads to support you with new inquiries and to promote our brand online better. This person is in charge of all campaigns.

Physical process for delivering inquiries stays the same.

When having a request related to your digital campaigns, please:

1. Include both campaign person and digital marketing manager in the loop.
2. Put on cc digital inquiry address: (o4bgwduidkwksrknsvkw@boards.trello.com) and add it to your address book
3. Make proper subject line: [digital request + campaign + your center] (i.e.: 'Digital request: KINDY, PNT')
4. Write details of your request (budget, timeline, special requests.)

Steps above are necessary to properly manage the workflow. Please follow all of them.

SOCIAL MEDIA / CONTENT

We need to share with our audiences what we do and what stand for and we need to do this well. This part will be fully handled by content person and a person taking care of interactions, reports and engagement. They both will be in charge of our social media presence accepting all the content we publish on our own media.

We need your support with sharing ideas and documenting how well we are doing (events, video testimonials, short clips etc).

From 1 Nov 2016, please do as follows:

1. Include all: content person; person of interactions, reports and engagement; digital marketing manager in the loop.
2. Put content board address on CC: (jay5djz39zsmjvuwctoy@boards.trello.com) and add it to your address book
3. Put right subject line: content: centre + what is it about (i.e CONTENT: DBP, video from kindly campaign)
4. Describe details of your idea, what you would like to share.
5. Attach all the necessary files, videos etc. If big, add link on google drive.

DESIGN REQUEST

We want to improve the consistency. Whenever you need advice on design compliance, please let us know.

Every new design or advice request should:

1. Be send directly to head designer and design board on the cc: ww0rou8gj8oc0dm8fijp@boards.trello.com and add it to your address book
2. Put [DESIGN REQUEST: location + title] in the title i.e. [DESIGN REQUEST: PNT / INFO DAY]
3. Brief their expectations and add all the related attachments to design request email,
4. Provide details on dimensions and the timeline.

If they will not do that, they request will not be proceeded.

5. Five Key Guidelines and Procedures to operate a Junior Centre

5.1. Customer Feedback Policy and Procedure

Document History and Information

Document code: CEN-B08	Version number: 02	Effective date: 1st December 2013
Process owner:	Scope of application: All centres	Last updated: 1st December 2013
Updated by: Tran To Uyen	Reviewed by: Phan Hoang Hoa	Approved by: Phan Hoang Hoa
Documents referenced/affected:		

Aims:

- To ensure that customer feedback is dealt with appropriately and professionally
- To use customer feedback as an opportunity to strengthen our product from a customer viewpoint

General principles:

- Customer feedback is an opportunity for us to improve our standing with customers. Dealing with feedback allows us to show our professionalism and the expertise of the Learning Experience team.
- Avoid dealing with feedback regarding the teachers / teaching quality in ways that undermine our product. For this type of feedback, it is important not to apologise or agree with customers until the LXM/LXC has investigated the issue. Remember that customers pay us because **we** are experts - by commenting on issues before they have been investigated, we can look like we do not have confidence in our product or appear unknowledgeable with regards to teaching.
- All feedback should be noted and learnt from, both positive and negative.
- Continuing or often repeated complaints need to be responded to and plans put in place to address the issues in the long term – this may involve informing Head Office for feedback.
- For points 4 and 5, you should have a system in place at the centre to avoid customers surprising you with such issues.
- Be extremely careful when taking feedback from teenagers and children – there are a number of reasons why they might complain about a teacher, e.g. the teacher had to be strict with them, and it is extremely important that ECs do not undermine the authority of the teacher in the classroom.
- Customers should always be made aware of what action will be taken following feedback and given an expected timeline of resolution.
- When managing customer expectations; if there is uncertainty, it is better to under-promise and over-deliver and not to over-promise and under deliver.
- ❖ *The CM should be cc'd on all email communications within Apollo and bcc'd on emails to customers.*
- ❖ *The Customer Feedback log must be used and kept up to date. All other communication should be by email, whenever possible, so as to provide a written record detailing the process.*
- ❖ *If the issue does not fall into a category below, please use the principles above as a guide to finding a resolution.*

Feedback / Enquiry	EC Response	Process	Timeline	Responsible
1. Customer asks about an individual teacher's: a. Nationality b. Qualifications	Customers cannot choose their teachers. <i>a. Any conversation about nationality or qualifications must be handled carefully.</i> <i>Remember that all of the teachers at the centre represent Apollo and Apollo's brand. Any discussion that damages a customer's opinion of an individual teacher also damages the customer's opinion of Apollo.</i> Tell the customer the nationality of the teacher. If the customer is not satisfied with the answer, or requests a different nationality, discuss the following with the customer: 1. Do they believe that nationality affects teaching ability? Apollo wants to provide the best possible learning experience for our students. We focus on having the best possible teaching team. Apollo is proud of all of our teachers and we know that nationality has no affect on teaching ability. 2. Are they worried about a certain accent being better than another accent? English is a global language and does not 'belong' to one	EC can give immediate response. Note: <i>It is important not to allow customers to believe they have the power to pick and choose teachers according to personal preference. It can cause long-term damage to our brand, serious management problems and create mistrust between EFL and ECs. All of Apollo's teachers are of high quality and undergo continual training and regular observations to ensure they meet our high educational standards. If a customer is not satisfied with the response from EC, the procedure is as follows:</i> 1. The customer must file a written complaint with the centre, either by email or letter. The complaint should detail specific reasons explaining why the customer is concerned. 2. Upon receipt of the complaint, the EC will arrange a meeting between the customer and the LXM/LXC. The LXM/LXC can then address the Learning Experience concerns of the customer directly. 3. The LXM/LXC reports back to the EC on the next course of action.	N/A 1 week	ECs EC & LXM/LXC

Feedback / Enquiry	EC Response	Process	Timeline	Responsible
	country or place. Our aim is to give our students the skills to use English wherever they need it. Exposure to different accents and ways of speaking is a useful part of learning a global language. 3. Are they worried that the teacher is/ isn't a native speaker? We only employ teachers that can provide a natural model of English for our students. As English is a truly global language, nationality and being a 'native speaker' do not have the same connection as they do for other languages. 4. Are they worried about our teaching quality? Because we are part of International House, we must follow their strict policy on recruitment - that means all of our teachers meet international standards. 5. Are they making a judgement based only on appearance? All Western countries are now populated by a wide range of people with different origins. For example, it would be impossible to be in the street in London and say who was or wasn't English. b. All of our teachers hold honours degrees, internationally recognised teaching qualifications, and have, or are studying towards, an internationally recognised Cambridge exam specialising in teaching young learners.	4. The EC reports back to the customer if necessary.		
2. Customer	Apologise and thank the customer for bringing the problem	1. EC logs the problem.	2 days	EC &

5. Customer feedback regarding student related issues, e.g. fighting in class, disruptive students.	Thank the customer for bringing the issue to our attention and apologise for the effect that the incident / student has had on the class. Ask the customer for as many relevant details as possible. Inform the customer that you will investigate the issue with the Learning Experience Manager and relevant teacher. Tell the customer you will contact them with the Learning Experience team’s response.	- EC logs the problem providing all necessary details. - EC emails the LXM/LXC regarding the issue. - LXM/LXC checks the facts with the teacher and reminds teacher of the correct procedure. - The LXM/LXC reports back to the EC with feedback of the results of speaking to the teacher in question. - EC feeds back to the customer regarding the LXM/LXCs response, thanking them again for drawing the issue to our attention, apologising if necessary.	5 days	EC & LXM/LXC
6. Customer feedback regarding teaching quality or a specific teacher, e.g. requesting to change a teacher,	Remain neutral and avoid apologising for or agreeing with the customer’s feedback. The priority is to assure the customer that we take the feedback seriously whilst framing the conversation in terms of educational quality. Thank the customer for their feedback and assure them that we take the quality of our teaching very seriously. Although we understand their concerns, we cannot	- EC logs the problem providing all necessary details. - EC emails the LXM/LXC regarding the issue. - LXM/LXC discusses the feedback with the EC. For more serious feedback the CM should also be consulted.	Initial response 5 days or before the next lesson	EC & LXM/LXC

Feedback / Enquiry	EC Response	Process	Timeline	Responsible
teacher is boring etc.	comment until our Learning Experience team has investigated the issue. In order to investigate the complaint properly and discover exactly why the customer is unhappy, ask the customer the following: 1. What are the areas of the teaching you are not satisfied with? (Without details and objective comments it is difficult for the Learning Experience Team to look into any issues) 2. How do you feel this is damaging your progress? Why? 3. What do you feel the teacher can do to improve your learning experience? Inform the customer that you will pass on their feedback to the LXM/LXC who will look into it further. You will contact them with the Learning Experience Team's response as soon as possible and thank them for taking the time to share their feedback with us.	4. LXM/LXC decides the appropriate course of action regarding the teacher, taking into account the concerns of the EC/CM and of the centres' business. 5. The LXM/LXC discusses the course of action with the EC. 6. EC feeds back to the customer regarding the LXM/LXCs response, thanking them again for their feedback. 7. Further timelines and action plans are carried out depending on the LXM/LXC's decision.	For more serious issues involving observations or meetings, further timelines should be agreed by LXM/LXC and EC/CM	

5.2. Scheduling Procedure

Document History and Information

A. PURPOSE

- To maximise the stability of class openings, therefore enhancing customer experience and overall impression of Apollo as a professional organisation
- To maximise customer benefit and final product experience by ensuring that the EFL team have sufficient time to make the best possible arrangements
- To allow planning ahead by all departments, maximising long-term stability and minimising short-term disruption
- To ensure the best line of communication between the scheduler, the teachers, and other involved parties.
- To ensure the efficient use of resources, including departmental time and teacher efficiency
- To ensure that scheduling decisions are made with due consideration of all the involved implications

Underlying Principles:

1. Good customer care means maximising benefit and advantage for our customers:
 - a. Forward planning decreases disruption and the likelihood of negative customer reaction to changes
 - b. Once the decision has been made to open a class (see 'Two Weeks' below), the class will run whatever the numbers. This keeps our commitment to the customers and the teachers. The aim is then to fill up the class as soon as possible (see Admission Dates Policy)
 - c. Sometimes it is better to ask customers to wait or change their schedules so that we can deliver a classroom product they will be happier with
2. Schedules are a joint decision made by both the EFL and the EC teams
3. Enough time should be given for the EFL team to ensure that the best possible arrangements can be made.
4. Teachers and LXMs/LXCs receive up-to-date information, therefore minimising confusion and allowing better decision making and assistance
5. Cooperation, balance and flexibility between departments is key to the successful running of Apollo operations

B. SCOPE

The scope of this policy extends to current full-time employees, hourly employees and short-term salaried employees of Apollo. This policy does not apply to teaching team.

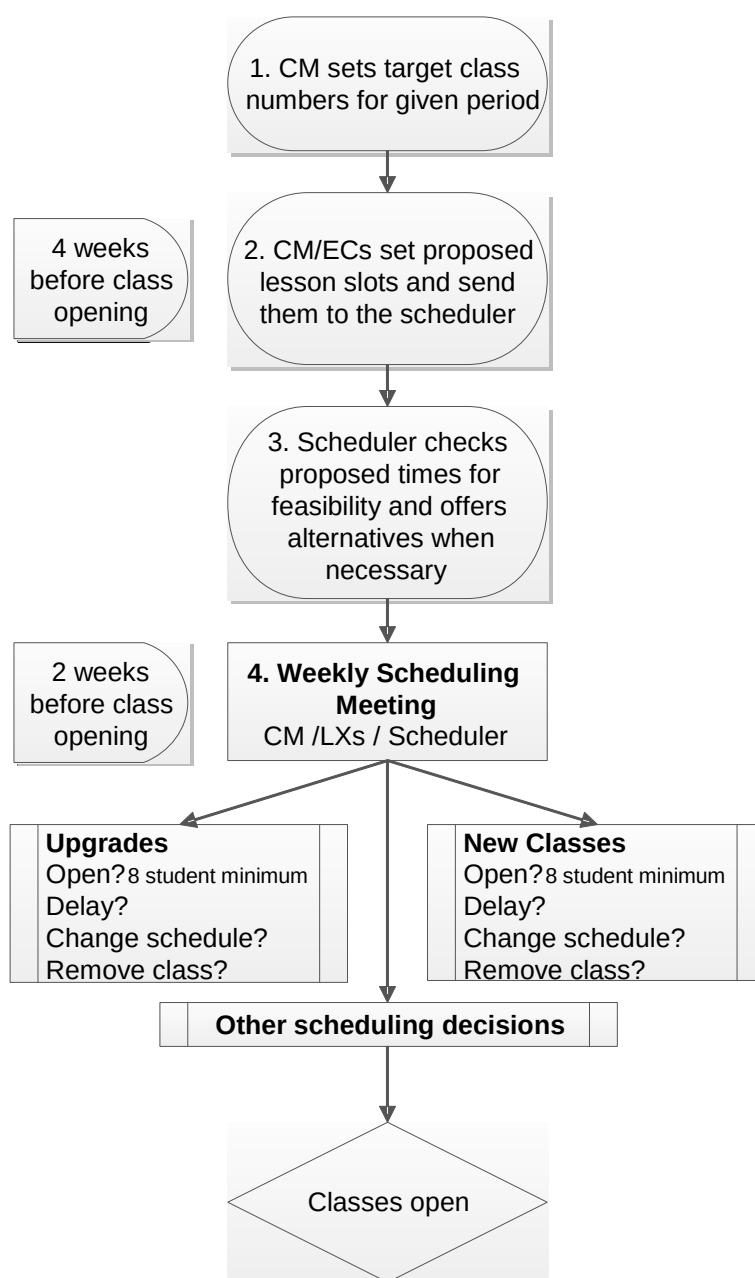

Training and development activities include both internally and externally organised activities such as participation at relevant training courses, work-related workshops/seminars/conferences, networking events, professional club membership, etc...

This policy does not cover sponsorship of overseas training/development activities and sponsorship of English courses.

C. LEGISLATION

N/A

D. RULES & GUIDELINES (next page cont.)

Two Weeks

Two weeks is the limit for the decisions regarding scheduling:

- Once a decision has been made to open a class, the class will run regardless
- If the CM wishes to open a class with **less than two weeks' notice**, the final decision rests with the EFL department
- If there is a need to close a class and redistribute the students, two weeks' notice must be given so that the EFL department can find a replacement class for the teacher if necessary. Regardless of the situation with the teacher, the class will close after two weeks.

Considerations

The minimum number of students needed to confirm a class will open is 8:

- Different classes fill up at different speeds, e.g. a Kids 1 class is more likely to fill up than an Kids 4 class. This should be taken into consideration when confirming a class opening.
- The target for average class size is 15. This must always be taken into consideration.

There are a number of reasons you may open a class with lower numbers:

- To show our commitment to customers and their continued education with us
- To maximise classroom usage and revenue at quieter times or to build up lesson options/customer habits at quieter times, e.g. late week-day shifts – although this should not be at a loss to the centre
- To provide hours for a teacher on an FT contract – remember that we also have a commitment to fulfil their contracts
- To provide a pathway for customers and students who are at higher levels
- To be able to demonstrate to customers the full range of courses on offer

Try to maximise student numbers for the most popular classes and shifts - this allows more flexibility to open less popular classes and shifts

Scheduling Procedure – Schedule Masterfile and Individual Teacher Schedules

The schedules should be compiled and sent to the teachers weekly by the end of every Friday using the following procedure:

1. Create the page for the relevant week(s) in the Masterfile template Apollo-Junior- ScheduleMasterfile-CENTRE-YEAR (e.g. Apollo-Junior-ScheduleMasterfile-DBP-2014).
 - a. Each new week should have a separate page in the Masterfile and be labelled correctly.
 - b. This file should be viewable by the following people:
 - i. The LXM/LXC/ST
 - ii. The CM and EC team
 - iii. The EFL team
 - c. The Masterfile should be password protected, with only the scheduler having write permissions
 - d. The up-to-date Masterfile should be sent to the ADL (collected by the ADL's assistant), no later than the 20th of each month.
2. Create the individual teacher files as follows:
 - a. Create a weekly schedule for each teacher using the template Apollo-Junior-Schedule-CENTRE-

TEACHERNAME-DATE (e.g. Apollo-Junior-Schedule-DBP- HarryStyles-20141215)

- b. Copy and paste each day directly from the Masterfile into the appropriate teacher's schedule.
- c. The individual teachers' schedules for the following week should be sent to teachers before 6pm on every Friday.

The Masterfile should be filled out as follows:

- Basic information required for each class = class code, class time, duration, class level.
- It is important that the 'duration' is placed in the correct cell as this contributes to the formulas contained elsewhere
- Type of contract for teachers: LXM, FT, PT, LXC should be used consistently. They are linked to formula in column CH
- It is ok for schedulers to use their own colour coding for take-over, cover, standby etc. as long as the coding used is clearly marked so others can understand it.
- All classes should be marked with the correct class time. If this class time is different to the standard class times shown, the class time marked for the individual lessons will be used.

F. AMENDMENT & EFFECTIVENESS

- END -

5.3. Junior Customer Experience and Communication Procedure (JCEC)

Title	<u>Junior Customer Experience and Communication Procedure</u>		Total Pages: 11
Code	CEN-B17	Version No	V07
Date of Issue	1st February 2014	Effective Date: 1st February 2014	
Owned by	All Junior centres	Date of 1st Amendment: 17th March, 2015 Date of 2nd Amendment: 04th November, 2015 Date of 3rd Amendment: 01st March, 2016 Date of 4th Amendment: 18th July, 2016 Date of 5th Amendment: 22nd May, 2017 Date of 6th Amendment: November, 2017	
Verified by	LXOM	Signature	
Approved by	General Director – North	Signature	
Documents referenced/affected Guidelines Attached (link P:\Public\CO\Policies&Procedures\CustomerExperience\2017)			

A. PURPOSE

To build a stronger relationship with our customers by opening and maintaining a dialogue that:

- Actively engages parents with Apollo as an organisation
- Increases customer involvement in their child's learning within Apollo

B. AIMS

- To increase customer knowledge, confidence and trust in Apollo's product through transparent and professional communication
- To improve product effectiveness and learning outcomes (parent engagement at home)
- To provide added value for customers
- To improve brand image
- To increase customer loyalty

C. TARGETS

- Meet and exceed end of renewal rate target of 90%
- Increase WoM to improve quality enquiries to centres to meet and exceed conversion rate of 65%
- Parents are contacted MINIMUM 8 times/course
- All students are using our online (and additional) resources at home on a regular basis

D. UNDERLYING PRINCIPLES

- Inward information: EC to deal with
- Outward information: EFL and TA to deal with
- EC, EFL and teachers consistently discuss their child's use of online resources with parents

EC'S RESPONSIBILITY - PRE COURSE		
SEQ	WHEN	
1	Anytime	Action: All enquiries and feedbacks from customers via talk2us, live chat, hotline, etc. must be responded within 24 hours after receiving them from customers
		Results: ▪ Get customer's information in details (Name, phone number, email...) ▪ They visit center for PT/Demo/Course registration as soon as possible afterwards Notes: CMs take final responsibility
2	Pre-placement test visits / Demo visits/calls	Action: ▪ Provide information about our Apollo Global Learning System (A.G.L.S) and why it is the best and most comprehensive system to learn English (Show sales kit) ▪ Show Online learner resources (MyNGconnect/MyELT), mini flashcard set (for Kindergarten) and the mobile app Our World (for Primary) ▪ Building tour to include a demonstration of an IWB
		Results: ▪ Customers understand about our product and added values of the course ▪ Customer see IWB as a part of interactive Heads-up learning
3	During placement test/Demo	Action: ▪ Parent seminar as part of PT/demo experience ▪ Expose kids' English through activities during PT/Demo (can use IWB for games/songs, etc.)
		Results: Bring impression of Apollo brand personality as experts in education.

EC'S RESPONSIBILITY - PRE COURSE		
SEQ	WHEN	
		Notes: Can be conducted by trained TAs

EC'S RESPONSIBILITY – DURING 36-HOUR COURSE (SECONDARY STARTER)

SEQ	WHEN	
1	Course enrolment	Action: Show parents how to access and use online learner resources
		Results: Encourage parents and students to practice at home regularly using online resources and involve parents in their child's learning
2	Before 1 st lesson	Action: SMS to remind about start date, class schedule and room
		Results: Deliver right information to customers
3	4 th hour	Action: Send SMS to all students about their Portal account information
		Results: Parents and students can access Portal to use online resources and keep following the child's learning situation
4	6 th hour	Action: ▪ Call all parents to check whether their child are happy with the course, the teacher and to collect brief feedback. ▪ For students not using online resources, remind parents and send them instruction to help their kids practice at home
		Results: ▪ Develop a relationship between new customers and ECs that isn't only based on sales ▪ Promote Online Resources in Portal as a supporting channel for students at home ▪ Complete In-Course Report sheet in register
5	14 th hour	Action: Call all parents for teacher's comment (10 th hour lesson report)
		Results:

		- Parents are updated their child's learning situation - Develop relationship between ECs and customers
6	36 th hour	Action: Call parents to brief about test, teacher comments, and inform upgrading plan to Foundation. Offer tutoring if needed.
		Results: Right information delivered

EC'S RESPONSIBILITY – DURING 120-HOUR COURSE (KINDERGARTEN)		
SEQ	WHEN	
1	Course enrolment	Action: Show parents how to access and use online learner from their Portal; and use mini flashcard at home Results: Encourage parents and students to practice at home regularly using online resources and involve parents in their child's learning
2	Before 1 st lesson	Action: SMS to remind about start date, class schedule and room Results: Deliver right information to customers
3	4 th hour	Action: Send SMS to all students about their Portal account information Results: Parents and students can access Portal to use online resources and keep following the child's learning situation

4	6 th hour	Action: ▪ Call all parents to check whether their child are happy with the course, the teacher and to collect brief feedback. ▪ For students not using online resources, remind parents and send them instruction to help their kids practice at home Results: ▪ Develop a relationship between new customers and ECs that isn't only based on sales ▪ Promote Online Resources in Portal as a supporting channel for students at home ▪ Complete In-Course Report sheet in register
5	24 th hour	Action: Call all parents for teacher's comment (20th hour lesson report) Results: ▪ Parents are updated their child's learning situation ▪ Develop relationship between ECs and customers
6	52 nd hour	Action: Call customers whose payment period is ending Results: Customer pay the rest of the course
7	60 th hour	Action: Call parents to brief about test, teacher comments, and inform upgrading plan Offer tutoring if needed Results: Right information delivered
8	84 th hour	Action: Call all parents for teacher's comment (80th hour lesson report) Results: ▪ Parents are updated their child's learning situation ▪ Develop relationship between ECs and customers

9	112 th hour	Action: ▪ Call parents to inform parents about the test and upgrading plan ▪ Ask customers for the next course
		Results: Deliver right information to customers, EC has plan for next course
10	118 th hour	Action: ▪ Call parents to brief about test, teacher comments, and collect the end of course feedback. ▪ Ask customers for the next course ▪ Invite parents to end of course parent meeting
		Results: Customer pay the next course
11	118 th -120 th hour	Action: Organize end of course parent meeting (see parent meeting guidelines)
		Results: Meeting held smoothly
12	Last lesson	Action: Parents receive note/ text or emails with link for online reports SEC/CM take note about weak students and call parents directly
		Results: Deliver right information to customers
EC’S RESPONSIBILITY – DURING 144-HOUR COURSE		
SEQ	WHEN	
1	Course	Action: Show parents how to access and use online learner from their Portal

	enrolment	Results: Encourage parents and students to practice at home regularly using online resources and involve parents in their child's learning
2	Before 1 st lesson	Action: SMS to remind about start date, class schedule and room Results: Deliver right information to customers
3	4 th hour	Action: Send SMS to all students about their Portal account information Results: Parents and students can access Portal to use online resources and keep following the child's learning situation
4	6 th hour	Action: - Call all parents to check whether their child are happy with the course, the teacher and to collect brief feedback. - For students not using online resources, remind parents and send them instruction to help their kids practice at home Results: - Develop a relationship between new customers and ECs that isn't only based on sales - Promote Online Resources in Portal as a supporting channel for students at home - Complete In-Course Report sheet in register
5	24 th hour	Action: Call all parents for teacher's comment (20 th hour lesson report) Results: - Parents are updated their child's learning situation - Develop relationship between ECs and customers
6	44 th hour	Action: Call customers whose payment period is ending Results: Customer pay the rest of the course

7	48 th hour	Action: Call parents to brief about test, teacher comments, and inform upgrading plan Offer tutoring if needed
		Result : Right delivered information to parents
8	88 th hour	Action: Call customers whose payment period is ending
		Results: Customer pay the rest of the course
9	96 th hour	Action: Call parents to brief about test, teacher comments, and inform upgrading plan Offer tutoring if needed
		Result : Right delivered information to parents
10	136 th hour	Action: ▪ Call parents to inform parents about the test and upgrading plan ▪ Ask customers for the next course
		Results: Deliver right information to customers, EC has plan for next course
11	142 nd hour	Action: ▪ Call parents to brief about test, teacher comments, and collect the end of course feedback. ▪ Ask customers for the next course ▪ Invite parents to end of course parent meeting
		Results: Customer pay the next course
12	144 th hour	Actions: Organize end of course parent meeting (see parent meeting guidelines)

		Results: Meeting held smoothly
13	Last lesson	Action: Parents receive note/ text or emails with link for online reports EC/CM take note about weak students and call parents directly
		Results: Deliver right information to customers

EFL'S RESPONSIBILITY –DURING COURSE		
SEQ	WHEN	
1	After every lesson	Action: Use SMS sample to send to all parents within 24 hours (sending by using SIS system)
		Results: Accurate record
		Notes: EFL need to check that TA and teacher doing these
2	Once a week	Action: TAs of the class to take picture of students doing activities in class and upload to HOMEROOM (Apply for Kindergarten group)
		Results: Good pictures of students uploaded on Homeroom
3	14 th hour (S. Starter) /24 th hour (Others)	Action: ▪ TA/EFL to call parents giving feedback from In Course Report. ▪ EFL Intern call Teen classes ▪ Offer Tutoring if needed
		Results: ▪ Quick update for parents about students ▪ Notify weak students and give support on time Notes: Work with LXM for tutoring approval
5	84 th hour (applied for 120h course)	Action: ▪ TA/EFL to call parents giving feedback from In Course Report. ▪ EFL Intern call Teen classes

EFL'S RESPONSIBILITY –DURING COURSE		
SEQ	WHEN	
		▪ Offer Tutoring if needed
		Results: ▪ Quick update for parents about students ▪ Notify weak students and give support on time Notes: Work with LXM for tutoring approval
6	After the test date	Action: Prepare list of students for reports and input student's score into SIS system , etc.
		Results: Right input information in the system
7	118 th hour (applied for 120h course)	Action: EFL prepare and print out certificates, reports (input student's score into SIS system); collecting teacher's recommendation along with comment for the Most Improved/Best Student of the class throughout the course and print out the congratulation letter to give to students. Results: Right information input into SIS system. Online reports available for parents on Parent Portal before the final lesson.
	138 th hour (applied for 144h course)	
8	Final lesson (For 144-hours course)	Action: Arrange TAs and coordinate with EC/ teacher to organize end of course parent meeting (see parent meeting guidelines) Results: Meeting held smoothly

TEACHER'S RESPONSIBILITY - DURING COURSE		
SEQ	WHEN	
1	10 th hour (S.Starter) / 20 th hour (others)	Action: Write short comment on students in the In-Course Report and tick the relevant boxes. Recommend tutoring if needed.
		Results: Accurate record
2	After the test	Action: Mark the test and input score and comments on students into Gradebook in SIS
		Results: Right information delivered on time Parents can see student's online report in Parent Portal website
3	Before final lesson	Action: Pick the Most Improved/Best Student of the class throughout the course along with some comments about their performance and give to EFL Staff.
		Results: Right information delivered on time
4	Final lesson	Action: Lead parent meeting following the agenda (see parent meeting guidelines) ----- Results: Clear communication with parents and encourage kids to register for next course.
5	Final lesson	Actions: Teachers give out the certificates and reports

		Results: Right information delivered

5.4. Guideline to Efficiency for Junior and Mixed Centres

Title	Guideline to Efficiency for Junior and Mixed Centre		Total Pages: 02
Code	CEN-A07	Version No.	V02
Date of Issue	3rd Feb 2015	Effective Date	1st March 2015
Owned by	Management	Date of Amendment	29th December 2017
Verified by	LXOM	Signature	
Approved by	General Director	Signature	
Documents referenced/affected:			

A. PURPOSE

- Maximize customer experience while balancing with a healthy business
- Give CMs, LXMs and Centre LXC clear instructions on managing their efficiency

B. SCOPE

The scope of this policy extends to current full-time employees, hourly employees and short-term salaried employees of Apollo. This policy does not apply to teaching team.

Training and development activities include both internally and externally organised activities such as participation at relevant training courses, work-related workshops/seminars/conferences, networking events, professional club membership, etc...

This policy does not cover sponsorship of overseas training/development activities and sponsorship of English courses.

C. LEGISLATION

N/A

D. RULES & GUIDELINES

1. Be flexible with entry levels (placement tests) but with attention to specific students if needed. It is always better to put a student in a lower level than a higher level. **Please note too wide gap can affect retention rates.**
2. CMs need to approve any new classes open/upgraded with 10 or less for junior and 9 or less for AD, taking into consideration whether the class will be taught by FT (and which efficiency level and extra payments) or PT, or whether the class is scheduled for a harder to fill time slot.

3. Educate customers for waiting time to join suitable classes. Remember “under promise, over

deliver”.

4. Involve students in Apollo activities while waiting (waiting class, retention activities, email update etc.).
5. Junior average class size target for CM & LXM: 14.5 without campaign of over 10% discount (15 for ECs and LXO).
6. AD average class size for CM & LXM/LXC: 14.5 without campaign of over 10% discount (15 for ECs and EFL).
7. Maximum class size for Kindergarten 1 is 17, for Kindergarten 2 and Kindergarten 3 is 18, other Junior classes are 20.
8. There must be a maximum of 3 teacher changes during any 36 or 48 hour course segment. A maximum of 4 teacher changes in a 60 hour course segment. Centres must track and minimise teacher changes.
9. Teacher ratios:
 - a. **PT/ FT ratio should be 35% / 65%** except for HP and centres outside the main cities where it is more difficult to get PT. We can accept more PT, but not vice versa. For example, we can accept 40% / 60% but NOT 25% / 75%. Centres should aim to have a minimum of 40% of their teaching hours taught by FT teachers.
 - b. **80% or more of the teaching team** should be FT Scale 1 and 20% or less Scale 2, this target will be reviewed regularly according to teacher costs. Only the CM can approve hires that are outside of the above ratio.
 - c. **70% or more of the PT teachers should be on Scale 1 or 2.** Scale 3 or 4 PT teachers should be approved by the CM.
 - d. **Non-native teachers should be able to communicate ‘as native’.** This means their grammar and vocabulary should be the same level as native teachers. Any non-native accent should be clear and easy to understand. At the interview a speaking test should be conducted with non-native teachers and kept on HR record. They should score full marks on the test to be considered for a job.
 - e. **A balance of native and non-native teachers** should be achieved. New centres should aim to open with at least one native teacher.
10. Teacher efficiency target: 110% for individual teachers. Learning experience managers/coordinators efficiency target: 100%. Overall efficiency at centres 108% i.e., if we have 1 teacher at 95% efficiency and another at 120% efficiency, we are still not efficient.
11. Junior centre schedule: best schedule for students and teacher efficiency is twice/ week with 1 weekday and 1 weekend. Junior centres should achieve a minimum of 40% of their teaching hours in weekday

5.5. Centre Daily Checklist

CENTER CHECKLIST

Updated in Jan 2018

Guidelines:

- 3D Design of the Center is a part of this Center Checklist - which assigns areas for Marketing poster/banner. CMs who fail to comply with the 3D Design will be fired after 3 warnings (2 verbal and 1 written).
- CM or authorized person to check daily – filed in folders at centres
- Managers to check when visit centres – can do with CM
- Monthly check by assigned Team/ person – results to be informed to Executive Management Team and CM

Week From..... To.....

Checked by: _____

Items of checking	Detail	Check							Remark
		Mon	Tue	Wed	Thu	Fri	Sat	Sun	
1. FRONT OFFICE AREAS: (The first exposure area)									
Signage	Banner								
	Light (at night)								
Parking lot	Clean, well-organized; No flammable hazard, No-smoking notice								
Security Guard	Uniform								
	Welcome guests and give hospitable instruction when being asked								
Reception area	Cards of LXs and CMs are displayed in the reception/welcoming guest area								
2. SERVICE ROOM									
Educational Consultant	Name tag								
	Make-up								
	Uniforms								
	Smiling								
	Welcoming guest								
	Spending proper time for consulting process								

Items of checking	Detail	Check							Remark
		Mon	Tue	Wed	Thu	Fri	Sat	Sun	
Consulting tools	Ipad files: updated with the latest files from Dropbox: Flyers, sale kit PPTs, Apollo story, Ezine 2013, STF								
	Sale kits and flyers: ready								
	Table standee: present the latest promotion information								
	Software: open and working properly								
	Apollo screen saves and desktop wall on all computers								
	Sweet candy: full and neat								
	Checking to make sure that the quality of printing/ photocopying materials is up to the standard mentioned in the Guidelines For Printing & Photocopying at Apollo Centres								
Consulting & waiting areas	Logo light box: clean, no dirty spot								
	Relaxing music is turned on in reception/EC area								
	Use scent like lemon grass... in the reception area to help customer relax								
	Decoration poster: LETS poster, Apollo Awards, About Apollo Poster, Apollo Rewards... at assigned area in 3D Design of center								
	Gift Shelf Area: clean, display items including: Apollo merchandise, Learning Diary, Flyers, English related decoration items								
	Tidy desks								
	Neat chairs								

Items of checking	Detail	Check							Remark
		Mon	Tue	Wed	Thu	Fri	Sat	Sun	
	Cleanliness in general; glass doors and walls								
	No personal decoration								
	Newspapers: sufficient, neat and tidy								
	Telephone: clean, work well								
	Billboard: clean, updated content & promotion								
	Clock hang: clean and works								
	Poster: on assigned locations, before deadlines, put up in a professional way								
	TV: turning on with Apollo news/videos/clips or Disney Channel, BBC, CNN, CNBC								
	Computer ON - Apollo wallpaper and screen saver - Wifi computer password on wall (waiting and study center)								
	Cameras ON: images recorded from consulting areas, collect money areas and safe.								
	Tea, coffee, water are available and clean								
Classroom	IWB: plug-in, clean, have clear instruction								
	Posters: updated, on the right frame, clean and no tear or scratch								
	White-boards: clean								
	Desk and chair: well-organized								
	Clock: clean and works well								
	Lighting: sufficient								
3. FIRE AND SAFETY									

Items of checking	Detail	Check							Remark
		Mon	Tue	Wed	Thu	Fri	Sat	Sun	
	Fire caution policies are strictly followed: evacuation way must be clear and fire escapes should be unlocked								
	First aid box: easy to access, sufficient medicines with clear list of when and how to use; clear expire dates								
	Clear evacuation instruction at each floors in emergency cases								
	Instruction for safety in elevator								
	Risk assessment checklist								
	Accidents records								
4. OTHER AREAS:									
Pavement	Clean and clear								
Stairs	Clean, not slippery, steady handrails								
Roof	Students are not allowed; Sufficient barrier around								
Toilet (include toilet for staff and visitors at the fist/ground floor)	Clean								
	Not slippery								
	Tissue & towel, handwash soap, bin equipped								
	Sufficient light								
Generator	In good condition - check every week								
Teacher room	Tiny desk & neat chair								
	Resource books in right place - neatly arranged								
	Registers in right place								

Items of checking	Detail	Check							Remark
		Mon	Tue	Wed	Thu	Fri	Sat	Sun	
	Photocopy, scanner, computers are in good condition								
	<i>Guidelines For Printing & Photocopying at Apollo Centres</i> to be printed out and hanged in teacher's room								
	Checking to make sure that the quality of printing/ photocopying materials is up to the standard mentioned in the Guidelines For Printing & Photocopying at Apollo Centres								

For any comments about additional items needed for this checklist, please inform Personal Assistant to General Director for updated.

6. LX Report List

6.1. Where to find the report?

Link: \\172.10.0.60\data_ntw\Managers\AcademicTeam\2.Reports-Academic

6.2. List of report:

Deadline for sending out the report: **1st Friday of every month**

Report	Note
Monthly Checklist Record	General update record of the monthly reports what should be noted in each report
Observation formal	A record of formal observations in the month
Observation pop-in	A record of pop-in observations in the month
Individual teacher PDR records - all teachers	A record of the teacher's Professional Development Record – must be up-to-date

PDIs	PDIs record done for teachers in the month
Teacher Information Spreadsheet	Include teacher's information updated in the month (ex: contact/contract details, workshop attendance, teachers' meeting attendance...)
Weekly Centre Meeting minutes	Record of weekly centre meeting minutes in the month
Teachers' Meeting notes/minutes	Record of teachers' meetings minutes in the month
Customer/Student feedback record or equivalent (the record of student issues from EC)	The record of Customer/Student feedback - Up to date
Scheduler Master File	Scheduling master file from the previous month

NOTE: CM is accountable to check the above list of report monthly to make sure all reports are submitted on time.

IV. APOLLO QUALITY STANDARDS

1. Quality insurance as a member of IHWO

Educational Inspection

For Apollo, every 2 years, IHWO undertake one educational inspection of the of Apollo in which the inspectors will observe all centers and most classes to make sure Apollo quality meet IHWO standards (please refer to IHWO charters in centers)

Teacher Training

International House was one of the early pioneers of teacher training and has remained at the forefront of the industry ever since. Both online and in-school teacher training courses are highly respected, providing qualifications in CELTA, DELTA, Trinity ESOL, Online Training, Young Learners and more. Apollo Learning Experience team benefit from online trainings for Director of Studies and Young Learner training for teachers

Teacher Recruitment

The International House network is considered one of the most prestigious employers for language teachers. London-based recruitment service is dedicated to matching quality candidates to teaching and management vacancies in International House schools. This is a quality and effective source of teacher recruitment for Apollo

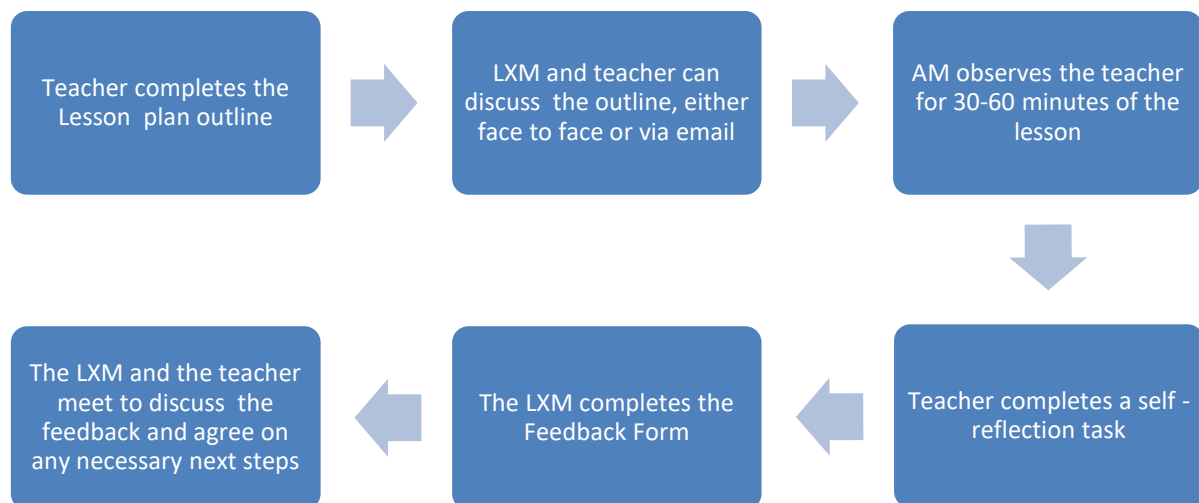

Networking

International House affiliates benefit from idea sharing and networking opportunities within the organisation and beyond. All members are invited to International House conferences, events and workshops and have access to a wealth of shared teaching, management and publicity materials.

2. Internal quality insurance

The process is as follows:

The whole process in total uses around 1-2 hours of LXM time per observation. This number may increase if there is follow up work for the teacher.

The rules for observations are:

- A short 'pop in' observation and a standard observation within the probation period
- A minimum of 3 standard observations each year (target is 4)
- A minimum of 1 pop in observation every two months (target is 1 per month)
- Teachers should also conduct 3 peer observations (teacher on teacher) within their contract
- Each centre should run at least one training workshop per month
- Teachers are contractually obliged to attend at least one developmental workshop per month

There will be unscheduled observations for a number of reasons, including:

- At teacher's request.
- Following up on previous observation feedback
- Consistent negative customer feedback

V. OTHER GUIDELINES

1. Guidelines on financial performance management

1.1. P&L Explanation

		Explanation
	EFL Direct costs	
	EFL Management	LXM, LXC – salary, bonus and all related expenses
	EFL Teaching	Salary, flight, accommodation, medical, visa, work permit
	EFL Supporting staff	From EFL supervisor down
	EFL Internship	TA and interns
	Teachers recruitment	Recruitment costs and induction for new teachers, Recruitment Coordinator
	Teachers trainings	Any training materials purchased; any training courses for teachers. If providing an IH Certificate course should charge partial fees. Can include introductory VN sessions for new teachers (approved by LXM)
	Teachers meetings	Lunch, dinner meeting, including Teacher's Day costs split over year, gifts to teachers
	EFL Travel & hotel	Travel costs for corporate and partnership projects, and hotels for teachers on projects in the provinces.
	General Delivery costs	
	Materials	Apollo online
	Printing & copying	Outside printing and photocopying, internal photocopying, learning diary
	Stationery	Including kindy toys, pin board, stationery ordered by EFL department
	Postage	Mainly books sent between centres - managed centrally
	Gifts to students	Best students, closing course, motivation for students
	Refreshment	Snacks, tea, coffee, wrapped biscuits etc for corporate classes ,
	Other delivery costs	Rental of LCD. Laptop, cameras, and anything else that doesn't fit into another code.
	Teacher Trainings	All costs of TT
	Cost of Books & Tapes	Cost of books, tapes, CDs delivered to students
	Total COGS	
	Gross Profit	= Net Revenue - COGS
	Overheads	
01	Salaries

2. Guideline to counting Renewal Rate and Teacher Change

** Teacher change and cover is counted based on the number of different teachers teaching 1 class.*

	COUNTED when:	NOT Counted when
Renewal rate	- Students finish payment by month who pay for the next period - Students who return within 6 months will be counted towards the latest month they stop.	- Class closed for the reason of no higher level to move on (AD only)
Teacher Change <i>* Teacher change and cover is counted based on the number of different teachers teaching 1 class.</i>	- Another teacher covers the class (for any reason including but not limited to: ill, accident, busy, holiday...) - Another teacher takes over the class (for any reason including: end contract, leave Vietnam, move to other centers, change schedule, requested by customer, non-qualified...) - Center lack teacher and schedule the different teachers to the class - Another teacher cover Make-up class as it doesn't match main teacher's schedule.	- 1 Class has two teachers assigned from the beginning - 1 more teacher is added for summer schedule

3. Purchasing Procedure

4. Risk Assessment

Center Name: _____

What are the hazards?	Who might be harmed and how?	What are you already doing?	Do you need to do anything else to manage this risk?	Action by whom?	Action by when?	Done

5. Fire Fighting and Evacuation

WORK INSTRUCTION Fire Fighting and Evacuation

A. Purpose

All employees are encouraged to participate in appropriate training and development activities in support of organizational, departmental and individual development. Apollo ensures that all employees have the opportunity to learn and develop essential skills and knowledge in their current role and/or the role they are expected to undertake within the Company in the future.

This Work Instruction sets out guidelines for sponsorship of staff training and development activities with the specific aim of guiding all employees to know how to react as fire occurred and how to evacuate out of building.

B. Scope of application

This work instruction is applicable to all staffs, especially to Security Guards, Maintenance staff, Administration Staff, TAs and teachers, of Apollo.

C. Abbreviations / Definitions

TA [Teaching Assistant]; **SG** [Security Guard]; **MS** [Maintenance Staff]; **AS** [Administration Staff]; **Designated staff** [who is pre-assigned by CM to assume duties as AS where AS is unavailable]

D. Instructions

i. Main causes of fire

- Smoking in restricted areas.
- Defected electrical appliances.
- Cooking in the building.

ii. Actions if there is a fire

All staffs are expected to conduct the following actions if there is a fire in premises of Apollo building:

- Inform SGs or MS/AS/designated staff on the case and/to disconnect the circuit breaker.
- If possible, use the Fire Extinguisher equipment (ie. Hose reels, Fire Extinguisher CO2/Powder) to extinguish the fires at early stage
- Push alarm button which allocates at each floor if fires cannot be extinguished by extinguisher
- Follow the instructions of Fire Regulations which is posted at the premises.
- In case of fire in large scale, contact local Fire Department by calling **114**.

iii. Evacuation plan (Remember that never use the lifts/elevators when there is a fire)

When to evacuate:

Whenever hearing an alarm, everyone must evacuate unless there is an announcement about a false alarm and requesting not to evacuate.

For staff, customers/visitors:

Once the alarm is raised:

- On-call members of the security team should immediately and quickly inspect the building to locate the fire or signal if there is 'false alarm'.
- All staff, customers/visitor should **immediately** begin to evacuate the building in a calm manner and re-group at the muster point (center to find the muster point near the center which is large enough for students and staff to gather; if possible, EC takes the Class Room map to the muster point). The evacuation will stop only when the alarm stops.
- The false alarm announcement will be made only **after** the sirens stop.

During class time, Teachers and T.As should adhere to the following procedure:

- Immediately and calmly, line up the students ready to leave the class. Double-check with the register that all students present that day are accounted for, and bring the register with you.
- Lead the students (Teacher at front, T.A at the back) in a line, down the stairs, out through reception and around the block to the meeting point.
 - When exiting the classroom, if another class is passing, wait until they have passed to exit.
 - With Kindy and Kids, make sure everyone holds hands as they are walking.
- Once at the meeting point, students should be kept in a line and the teacher should check the register that all students are still with the group.
- Children should be supervised until word is received on whether it is safe to return to the building.

For YL students:

Be sure fire evacuation plan has been instructed and explained at the beginning of the courses. Evacuation plan:

- Conduct a roll call and head count
- TA/teachers/SGs form students into 2 lines to be ready for evacuation. This step should be done very quickly, and depend on the emergency level, it can be ignored.
- To start evacuating, TA/teachers/SGs leads students to the nearest exit way and head for designated muster point.
- Gather at the muster point and do a head count and report to the designated staff.
- TA/teachers/SGs should not leave students unattended on the way and at the muster point.

- Everyone should only return to building after getting instructions to do so.

For AD students:

Be sure fire evacuation plan has been instructed and explained at the beginning of the courses and all students are familiar with the fire evacuation plan.

Evacuation plan:

- Conduct a roll call and head count
- Teachers /SGs form students into 02 lines to be ready for evacuation. This step should be done very quickly, and depend on the emergency level, it can be ignored.
- Start evacuating, teachers / SGs lead students to the nearest exit and leave the building.
- Teachers / SGs leads students to the muster point as discussed previously.
- Only take necessary belongings and find the nearest exit away.
- Ensure nobody is left behind before locking the doors.
- Gather at the muster point and do a head count and report to the designated staff.
- Only return to the building after getting instructions to do so.

If trapped or locked in a room

- Be careful when opening the door if it is hot.
- If the door is warm and it can be opened, stay low or crawl on all fours to the nearest exit. Never stand or run upright.
- If the door is too hot to open, use wet cloth to insert into chink of the door to prevent smoke, then get back to the window. Find something that can be used to catch the attention of the fire department or neighbours by moving/waving it next to the window.

6. Local activation

A. Our CURRENT sources:

- Co-marketing with partners – Partnership (High-end buildings, bookstores, supermarkets, entertainment venues)
- Neighborhood Building/Areas
- FB campaign focusing on neighborhood areas
- Local school activities
- Direct marketing activities
- Google search

B. CHECKLISTS for local activation campaign:

	Make your campaign goals and a master plan ¹ (numbers of leads, new sales and ROI)
	Reach out to the the partners/channels
	Make the content

¹ See the Appendices for Plan format

	Make the promotional assets
	Run the campaign
	Follow-ups (daily, weekly...)
	Adjust
	Evaluate the campaign (numbers of leads, new sales and ROI)

C. TIPS:

i. Co-Marketing campaign:

Content:

- Free pronunciation classes (4 consecutive weeks x 2 hours/week) for kids in the high-end building => Collect “hot” leads (Remember for follows closely)
- Make exclusive offer to the high-end building => Premium partnership and POSM free of charge
- Coordinate to run the events monthly at the high-end building, Bookstores based on the special days in each month (Tet festival, World book day,...) => Good brand awareness
- LETS clubs/LETS lessons at the supermarkets/Entertainment venues (Baking, learning English in real life...) => Good brand awareness (Kids level up and classes with good English level) and create revenue (no teacher to cover and do make-up lessons)
- Free gifts on special days to high-end building residents (Xmas, Tet festival...)

High-end building contact: Building investor

Promote more on FB for brand awareness and center image

Choose premium partners and think of content to bring values to partners/leads

ii. Nearby residential buildings/Areas

Deeply understand your customer lifestyles/neighborhood areas with the below questions:

- Where do they live?
 - o Which areas have potential leads? Their history? Average age?
 - o Their characters? How is their relationship? Do they often have public activities?
 - Ex: Villa or building complex? They are young & small family or most of them are old people? Live happily together or poor activities? Do they have “leader” of each group?
- Where do they entertain?
 - o Bookstore? Supermarket? Or public places
 - o Restaurant or Food shop?
 - o Sports area?
 - o Clubs for kids?
- Where do they park their vehicles? (Can you buy data from owner? Or from staffs?)
- Do neighborhoods have any activities at ward? Or districts? Annually?
- What is the main street leading to the area? (Branding)
- Where could we have partnership relationship? Ex: Best students of District-City-Nationwide?

iii. Facebook Campaign

Areas to target:

- Know deeply your neighborhood (Walking in the google earth; Searching in real)
- Target by street (5-10km around the center): Too narrow area may lead to less impact of the campaign

Questions to ask before running the campaign:

- Who do you want to see your ad? (Location, Age range, Gender, Languages, Interests)
- Where do you want your ad to be located?
- How many people do you want to see this ad?
- What is your goal for this ad?
- What kind of CTA (Call to actions) are you going to use?
- Do you have a follow-up campaign for this ad?
- Is my ad copy clear and relevant to my target audience?
- Have I got the correct image? (Clicks to Website: 1,200 x 628 pixels/Website Conversions: 1,200 x 628 pixels/Page Post Engagement: 1,200 x 900 pixels/Page Likes: 1,200 x 444 pixels)

Questions to get customer insights:

- What do they want to see?
- What call their actions?
- What make them want to share?

Plan 1 month before, run at least 2 week before the event date and evaluate daily

iv. Local schools and Direct marketing activities:

Local schools for database – Direct marketing activities (Events) for Lead generation

School relationship: Focus on kindergartens and primary schools

- Content:
 - o Support School activities (English competition, year-end ceremony...) => Brand image or database (Lucky draw or get from key persons at local schools)
 - o Events at local schools on special days (Xmas, out-of class activities...) => => Brand image or database
 - o Sponsorships/Gifts
 - o Premium Flyers with values to kids (quizzes, Demo, Cambridge exams, prizes...) => Database and information (Parent information should be added)
 - o Premium booth in front of local schools to generate leads (Photos/ games...)
- Know your target schools
- Contact: not only principals but also key persons in charge of school activities
 - o Get from ECs
 - o Get from our current parents
 - o Get from DOET
 - o Get from other principals

- Have the connection with DOET for the school relationships or event hosts

Direct marketing activities:

- Content:
 - o Mini Info day with different corner => Make “hot” leads
 - o Involve LXM/LXC (Planning-1 month before), Teachers (Engagement-1 week before)
 - o Free pronunciation/Free Demo classes for groups of local schools students for some consecutive weeks (4 consecutive weeks x 1-2 hours/week) => Make “hot” leads
 - o Free Mock Cambridge Exams
- Participants:
 - o From Local schools/Potential Leads: telesales for inviting parents/kids: focus on the values of the events
 - o From current students together with their friends
- Assign 1-2 separate staff at front office to welcome/guide/say goodbye
- Team spirit: Know and do well their jobs as well as support others

- **APPENDIX**

WWW Form

This is the WWW Form help with following up after the meeting to make sure that everyone know what they need to do.

At the end of the meeting, action-points takers using this WWW form to read out loud the action points to help clarify everything.

(Form could be found from the book Scaling up, page 186)

WHEN

CM's Super Simple Manual

As the leader of your centre, you have a full team to empower and deliver the goal. Apollo has a very good supporting system and structure. The Super Simple Manual will give you crucial information to run a centre successfully. All details can be found on the server.

1. 5 overall information groups

5 key Abbreviations

- ☐ ACS: Average Class size - the key metric for efficiency
- ☐ EC: Educational Consultants – normally we refer to ECs as ECs and CSOs or the front team
- ☐ JCEC: Junior Customer Experience and Communication – the key procedure that outlines how we communicate with customers throughout their experience at Apollo
- ☐ LX: Learning Experience
- ☐ WCM: Weekly Centre meeting

5 key information about Apollo

- ☐ British-owned by Khalid Muhmood and Arabella Peters since 1995
- ☐ Our mission (creating global citizens and foster prosperity)
- ☐ 3 Values: Accountability, Integrity, Passion
- ☐ Our slogan: Where the best become better
- ☐ Members of the UK Royal Family have visited Apollo 4 times

5 key supporting functions

- ☐ Accounting
- ☐ Project and Purchasing
- ☐ IT
- ☐ Marketing
- ☐ HR, Recruitment (inc. Expat recruitment) and Legal

5 key meetings for CMs

- ☐ WCM (and one to one meeting with LX weekly)
- ☐ Weekly CM meetings (at Pho Hue for HN and Pham Ngoc Thach for HCMC)
- ☐ CM huddles
- ☐ Centre huddles
- ☐ Monthly LX – CM meeting in each region

10 key monthly leading indicators for centre performance

- ☐ Teaching hour (monthly)
- ☐ No of new sales (monthly)
- ☐ Net student gain/ loss (monthly)

- ☐ No of PT/ Demo takers (rolling 3 months)
- ☐ Conversion rate (rolling 3 months)
- ☐ EC turnover year-to-date (YTD)
- ☐ Teacher turnover YTD
- ☐ LX – CM relationship (ranked by GD and SLXM)
- ☐ Operation compliance (department list things do not follow guidelines)
- ☐ HSE compliance

2. Centre 5 successful operation information groups

5 key procedures

- ☐ Guideline to Efficiency
- ☐ Junior Customer Experience and Communication
- ☐ Scheduling Procedures
- ☐ Customer Feedback Handling Procedures
- ☐ Centre Daily Checklist (including HSE)

5 key functions at centre

- ☐ Sales and customer service: ECs and CSOs
- ☐ Teaching, learning experience matters and tutoring: LX, teachers, TAs
- ☐ Coordinate, support teachers and TAs: Scheduler, TA Supervisor
- ☐ Marketing: ME
- ☐ Overall support: Admin role, guards, tealadies

5 key areas of LX work that CM should know

- ☐ LX Monthly reports on server
- ☐ Workshops for teachers and TAs
- ☐ PT and Demo training and contribution
- ☐ Actions for renewal rate
- ☐ Embrace 100% English environment

5 key things you should know about your neighborhood

- ☐ List of schools and how many Apollo students and non-Apollo students at each schools
- ☐ Apartment blocks and number of kids at Apollo Junior's age ranges
- ☐ Bookshops, super markets, malls, parks, entertainment areas
- ☐ Celebrities and influencers in the areas
- ☐ Loyal parents (kids with us or grown-up already or still too little

5 key plans

- ☐ New and upgrading classes
- ☐ Teacher request (inc. leaves)
- ☐ Summer planning
- ☐ Marketing plans
- ☐ Parent meetings

3. Centre 5 key metric groups

5 key figures you need to know from your P&L monthly and YTD (year to date)

- ☐ Net revenue
- ☐ COGS
- ☐ Net income
- ☐ Net revenue/ hour
- ☐ Teaching cost/ hour

5 key centre marketing indicators

- ☐ No of leads: monthly and YTD
- ☐ No of lead targets: monthly and yearly
- ☐ No of events/ month
- ☐ No of show-up/ event at centres or schools or outside
- ☐ Digital contents

5 key sales indicators

- ☐ No of telesales: per EC and total
- ☐ No of registration for PT, Demo
- ☐ No of show-up at PT, Demo
- ☐ Conversion rate
- ☐ Follow-up old data: people have showed-up, people have stopped

5 key figures in operation you need to know all the time and weekly

- ☐ No and amount of new sales
- ☐ Renewal rate
- ☐ ACS
- ☐ Teaching hours
- ☐ Net student gain/ loss

5 key data of a class that Cm should know

- ☐ No of hours/ week
- ☐ No of students paid or sponsored
- ☐ Where are they in JCEC journey
- ☐ Potential lost weekly
- ☐ Weak student
